

SJÖFARTSVERKET

*Säker sjöfart för mänsk och miljö*

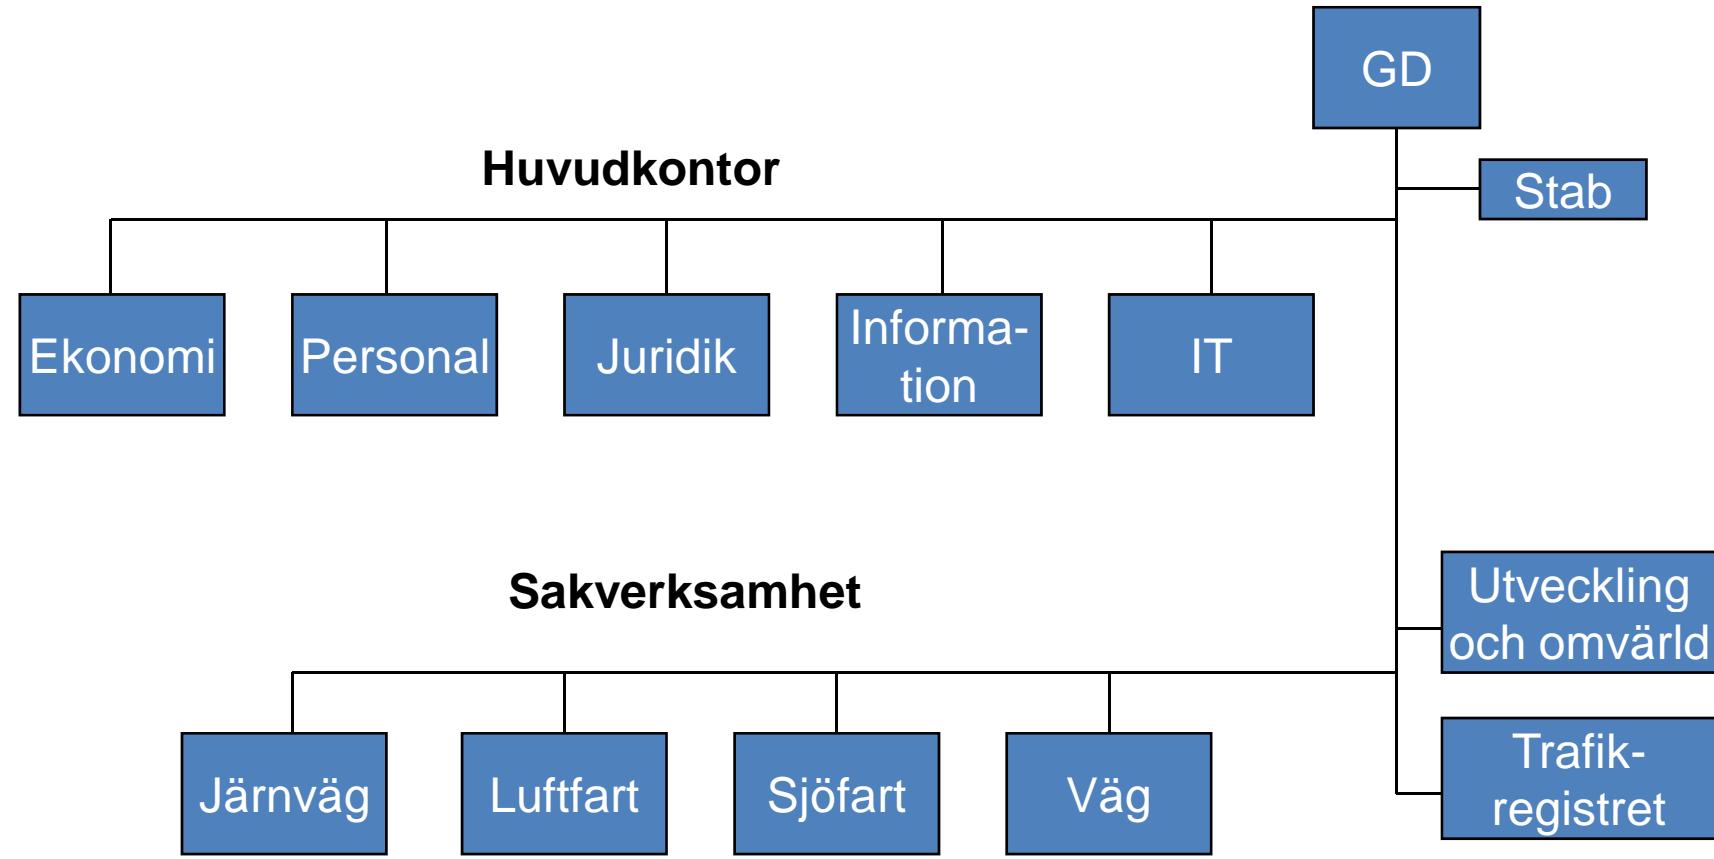

*Swedish Transport Agency*

*Maritime Investigation Unit*

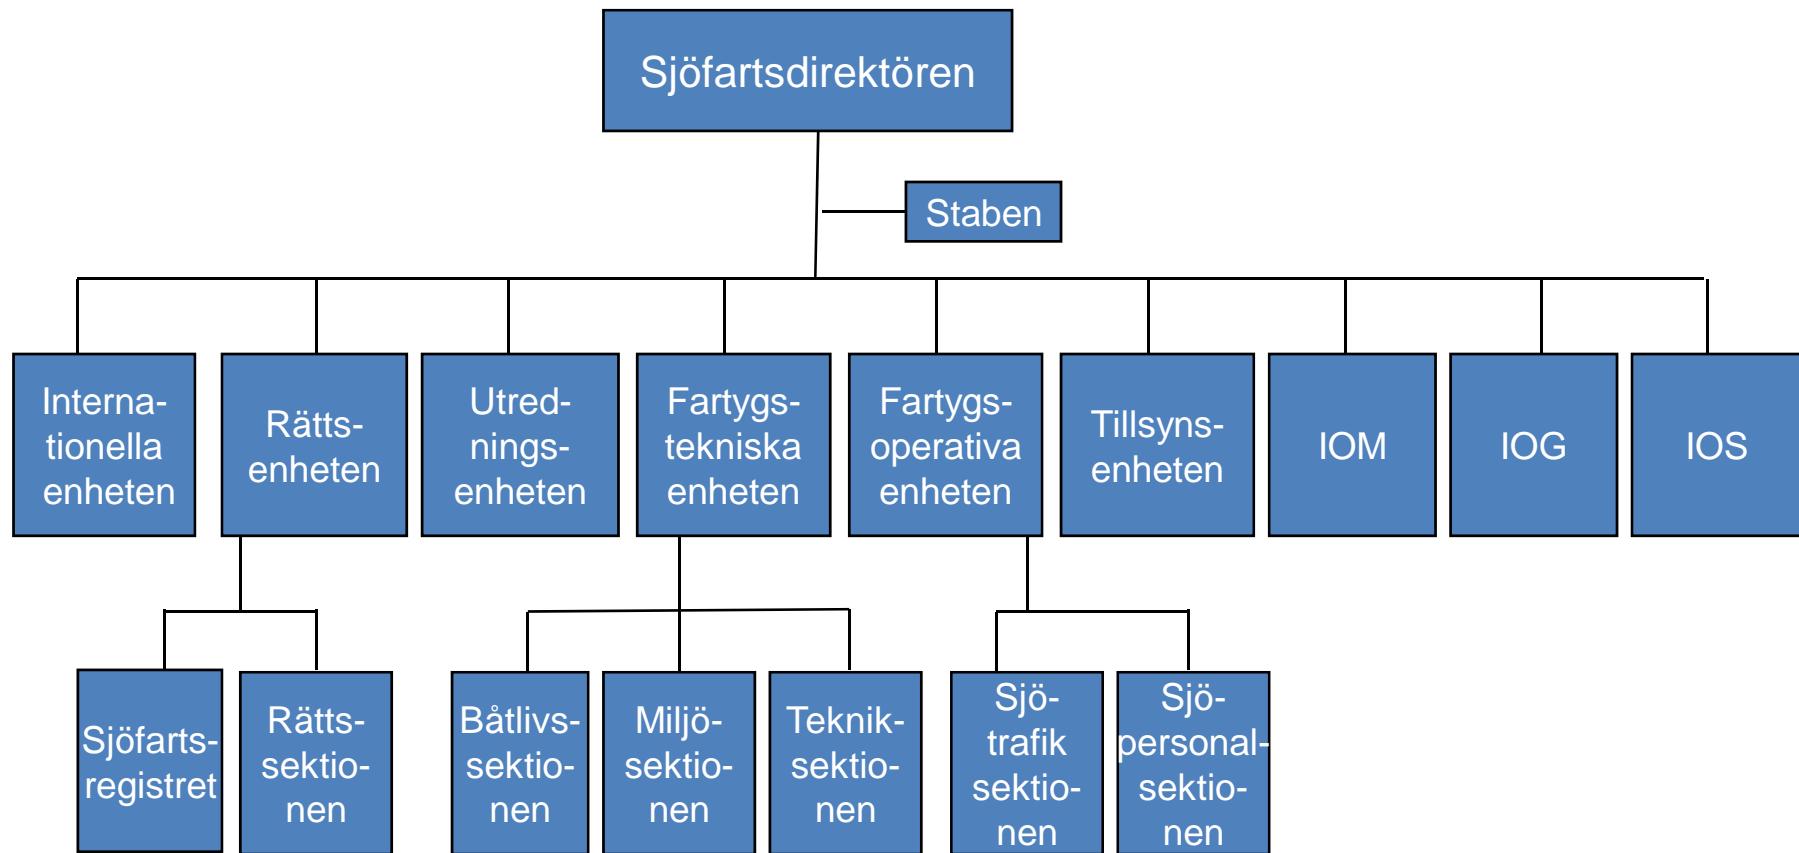

*Jörgen Zachau*

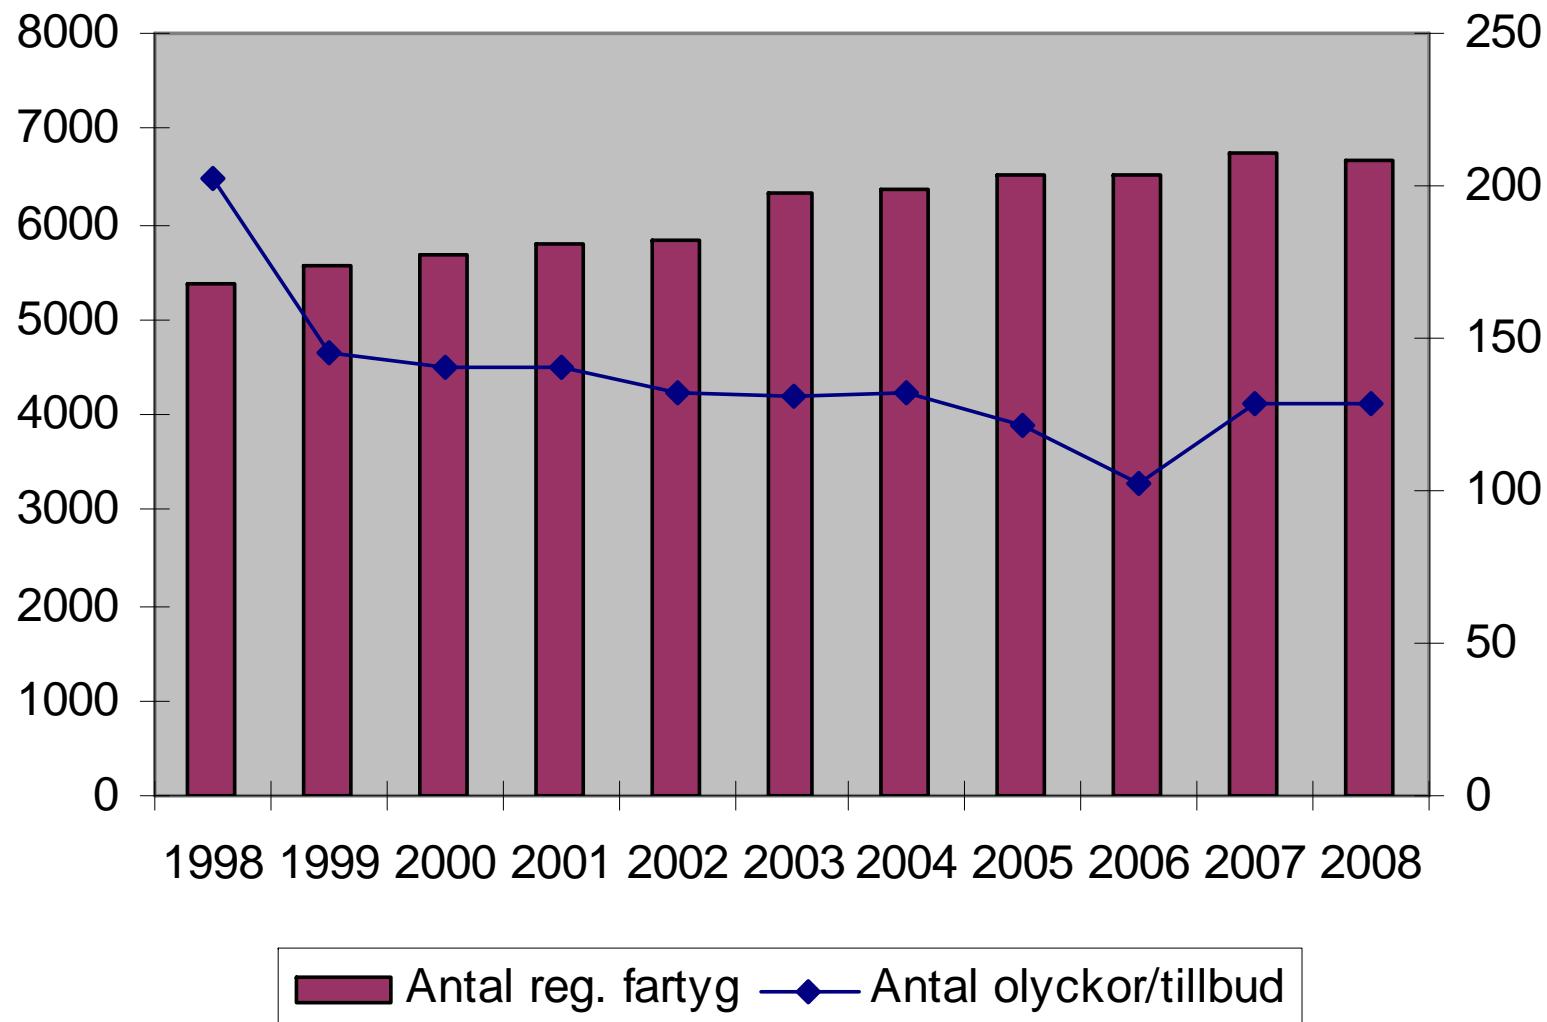

# Organisation

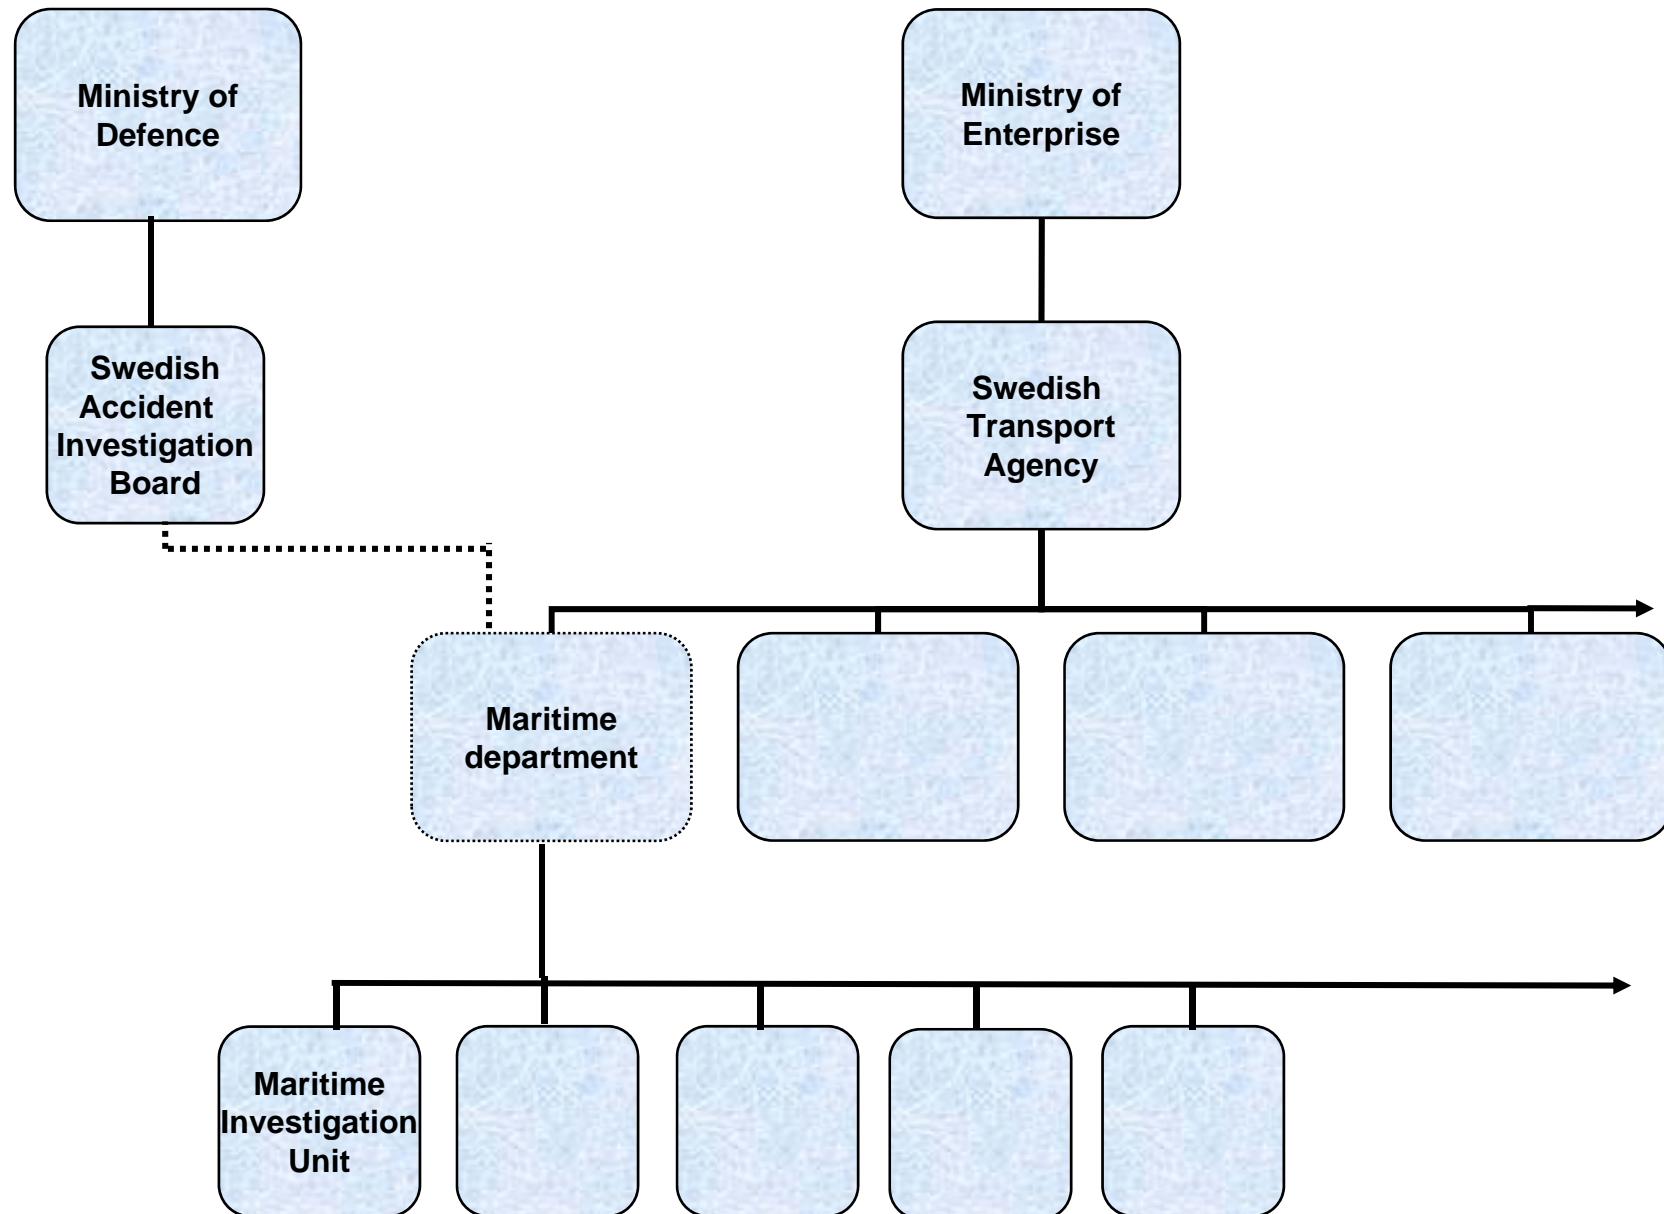

# Sjöfartsavdelningen 2009

## Accidents on Swedish ships and number of registered ships

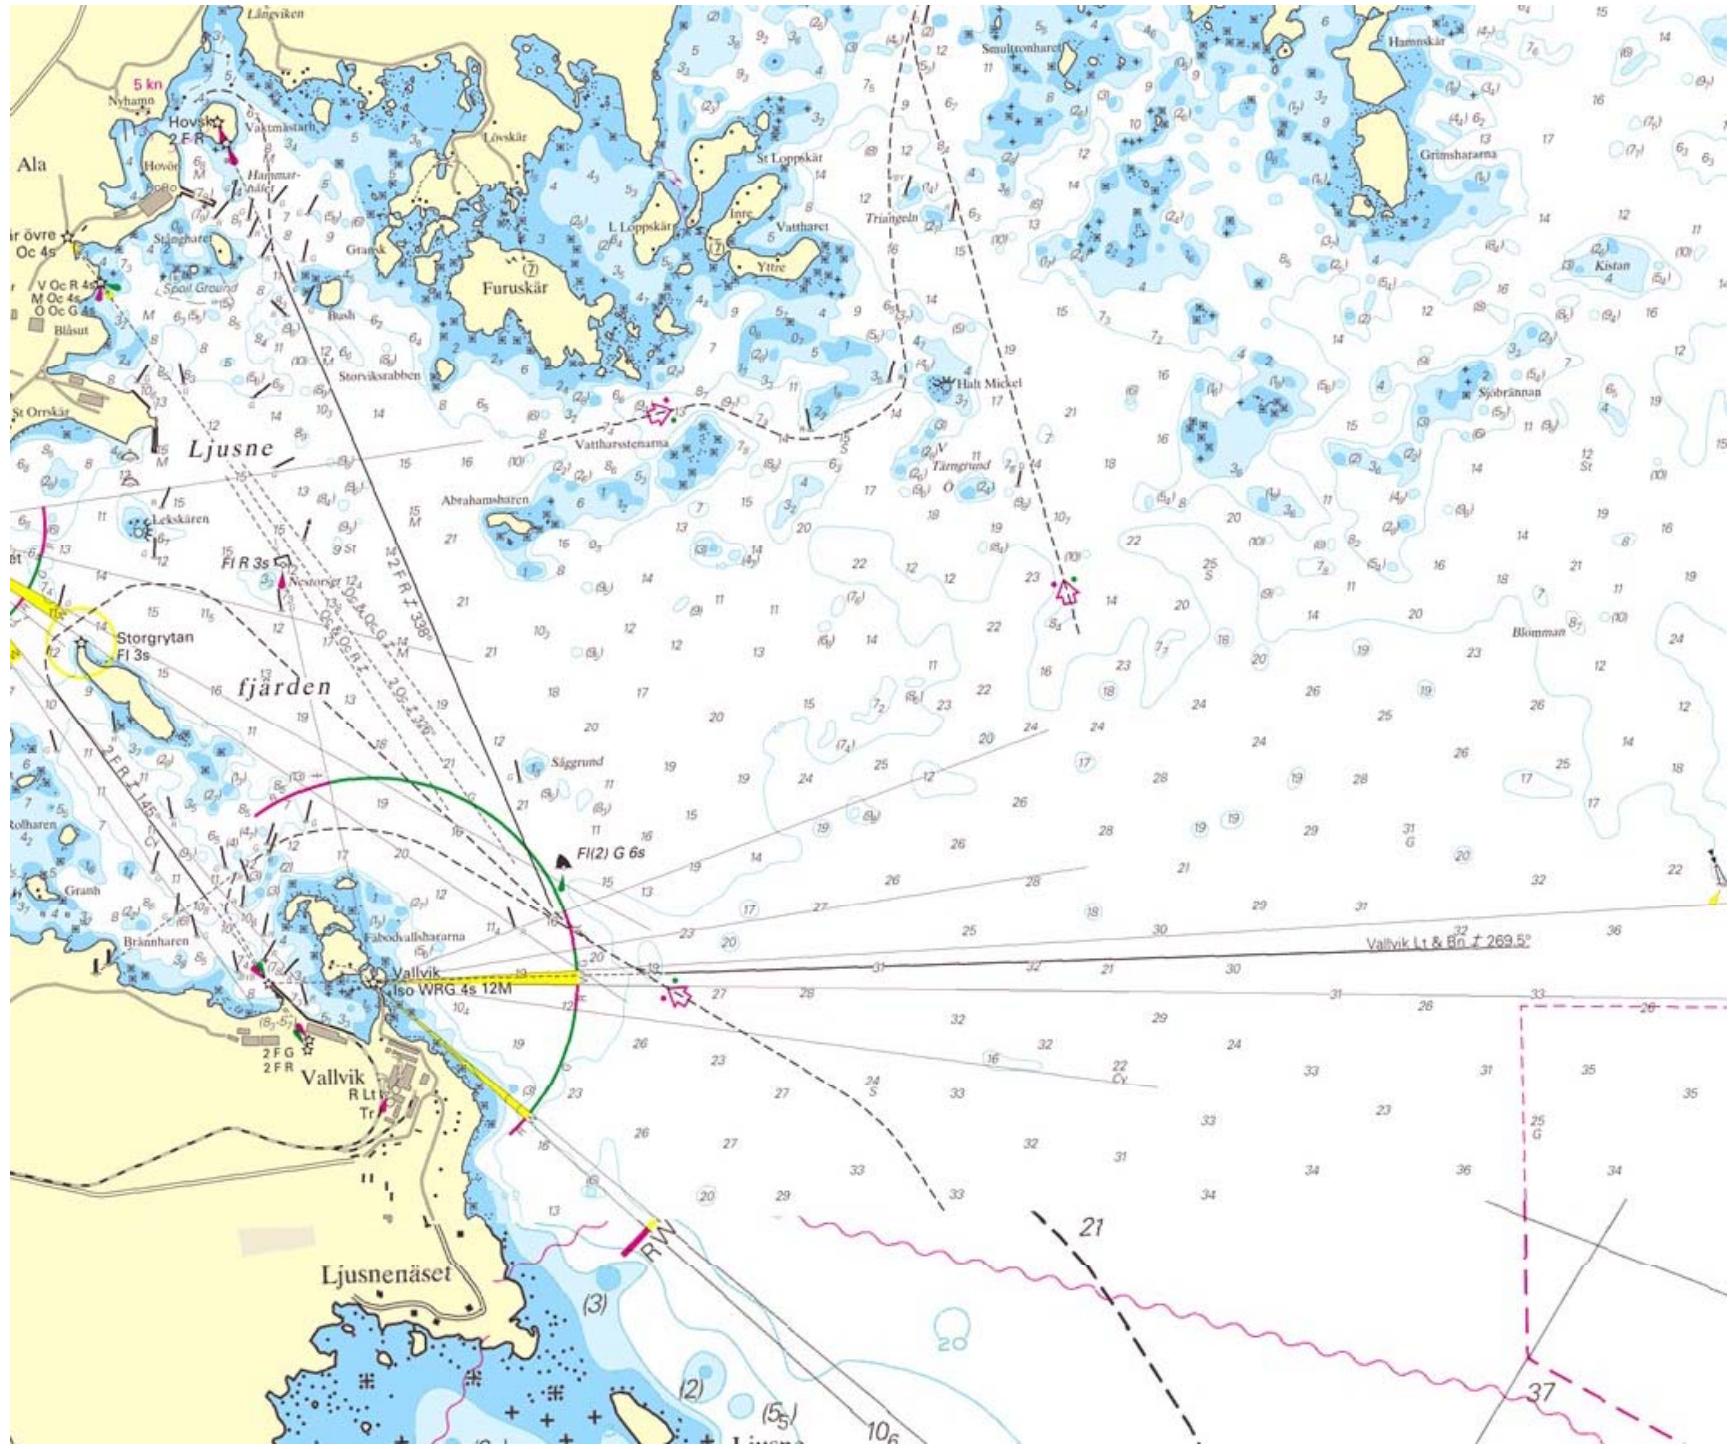

# Basic facts

- Pushing barge
- Wind NNE 10 m/s, waves 1.5 m,  
temp -3°C

The pilot seriously injured her left leg

# Factors

- The under the circumstances insufficient embarkation arrangements on KARL-ERIK
- Unsatisfactory view from the PILOT 30
- The weather
- One tried to pursue the embarkation in spite of too poor conditions

# Recommendations

- Measures for improved embarkation and disembarkation on the tug
- Improved view on the pilot boats concerned
- The Inspectorate is to look over the need for changes in regulations
